PROFESSIONAL SUMMARY

Data Analyst with hands-on internship experience in data analysis, visualization, and dashboard development using Power BI, SQL, Python, and Excel. Skilled in data cleaning, exploratory data analysis (EDA), and KPI reporting to extract meaningful insights from complex datasets. Proficient in building interactive dashboards and writing optimized SQL queries for data-driven decision-making. Demonstrated ability to improve reporting efficiency and support business performance through actionable insights. Currently pursuing MSc in Computer Science with a strong foundation in analytics and database management.

TECHNICAL SKILLS

- Programming:- Python (Pandas, NumPy, Matplotlib, Seaborn).
- Database:- MySQL (Joins, Subqueries, Aggregations, Group By, Views).
- BI Tools:- Power BI (DAX, Power Query), Tableau.
- Excel:- Pivot Tables, VLOOKUP, Conditional Formatting, Charts.
- Data Techniques:- Data Cleaning, EDA, KPI Reporting, Data Visualization, ETL.
- Core Concepts:- Statistical Analysis, Data Modelling, Business Intelligence.

WORK EXPERIENCE

Data Analyst Intern
Gamaka AI, Pune | Jun 2024 – Dec 2024

- Collected, cleaned, and processed datasets of 10,000+ records using Python and MySQL.
- Developed 5+ interactive dashboards in Power BI and Tableau to track KPIs and business performance.
- Reduced manual reporting time by 30% through automated data processing and dashboard reporting.
- Collaborated with cross-functional teams to interpret data trends and generate weekly analytical reports.
- Performed exploratory data analysis (EDA) to identify trends and support business decisions

PROJECTS

Showroom Sales Analysis – Tableau
https://github.com/Chetnanaik02/Sales-Performance-Mangement-System-Tableau-project-

- Processed and analyzed 5000+ sales records to uncover pricing trends and demand patterns.
- Developed an interactive Tableau dashboard using filters, parameters, and calculated fields.
- Evaluated factors such as brand, mileage, and location influencing product pricing.
- Delivered actionable insights that enhanced data-driven sales strategy and business understanding.

Project Management Dashboard – Power BI
https://github.com/Chetnanaik02/project-management-system-powerbi-project-

- Designed a dynamic Power BI dashboard to monitor project cost, benefits, and completion metrics.
- Applied DAX functions to calculate KPIs and assess overall project efficiency.
- Performed phase-wise analysis to detect delays and optimize resource allocation.
- Strengthened project performance tracking by enabling real-time visibility and informed decisions.

CERTIFICATIONS

- Diploma in Data Analytics – Gamaka AI, Pune
- Certified in Python, SQL, Tableau, Power BI– Gamaka AI, Pune

EDUCATION

Bachelor of Computer Science
Mumbai University | 2021 – 2023
CGPA: 8.64 / 10

Master of Science (MSc) – Computer Science
Mumbai University | (2024 – 2026)
Pursuing
